General

Are updates free?

All Fade In current version updates are free.

But really, all Fade In updates and upgrades, since it was introduced, have been free.

And there is no plan to charge for any future updates or upgrades*.

*In the interest of total transparency, it is not impossible that at some point in the future, due to currently unforeseen circumstances, it may be necessary to charge, for instance, a fractional price for a major upgrade. But at this point there are no plans to do so, and it's not anticipated that at any point there will be.
