Problems adding Dropbox account to Fade In Mobile

(Please note: This entry refers to an older version of Fade In Mobile, which is no longer available.)

If you get a blank screen when trying to authorize Fade In Mobile for your Dropbox account, try scrolling the window to the right a little: what you're looking at is actually Dropbox's secure webpage, but in some cases it seems to be rendered at full-size, and the content is appearing off-screen on smaller devices.
